Percy Reid has returned to his old home in Richmond, and is being given a cordial welcome by his host of friends. A more popular or capable salesman would have been hard to find anywhere.

Mr. Reid has been with the Mason and Hanger Company on its big construction work at Charleston, S. C., for the past 10 months. He says he likes South Carolina fine as far as the weather is concerned and that there never were nicer folks to work for than Col. Hanger's organization.

Like everybody else who has once drank the water from Lake Reba or breathed Richmond's air, Mr. Reid will never be satisfied anywhere else than right here in old Madison. He has come back like they nearly always do and his friends are glad to see him.

U. S. MAY CONTROL CONSTANTINOPLE

Ma Also Take Care of Armenia and Cecilia—Socialists Are Fighting in Italy.

(By Associated Press)

Germany will be forced to either accept or reject the allied peace terms by May 15th, according to a director of the Moscow Red Cross committee who has arrived here.

It is indicated that no reply will be expected before May 6th, the peace conference being disposed to give the German government what it considers ample time to digest the terms and form a reply. What action would follow the rejection of the terms has not been forecasted.

The refusal of the French Foreign Minister, Pichon, and British Premier Lloyd-George in speeches yesterday to divulge the details of the proposed peace treaty seems to indicate no intention the terms will be made public at present. Meanwhile, however, the various articles of the pact are now said to be in the hands of the drafting committee and it seems probable that the treaty in fact may be completed within a brief time.

A further proposal that Norway and Switzerland, as agents of the allies, could feed Russia, is under consideration in Paris today, together with the question of the United States becoming mandatory for Armenia and the ancient province of Cecilia and possibly take over control of Constantinople.

The communists are still in control at Munich but heavy forces of Bavarian troops are said to be marching upon the capital.

At Milan, Italy, four persons were killed and a number injured and a newspaper office wrecked in a clash between the socialists and anti-socialists.

The situation at Smyrna where the Greeks and Turks are ready to spring at each other, is typical of the situation throughout Turkey. Bands of brigands dominate the country even within a few miles of Constantinople, and commit atrocious murders.

GREAT LAKES BAND GIVES CONCERT

The prize band from Great Lakes Naval Training Station at Chicago is in town today, giving two concerts in the interest of the Victory Loan campaign, which will start Monday. A big crowd attended the afternoon concert in front of the court house and heard one of the best programs of band music given here in a long time.

The band, which consists of the pick of the best players from the 1,000-piece band at the Great Lakes, is making an extensive tour over the central states boosting the loan campaign. State Banking Commissioner George G. Speer addressed a large audience immediately following the concert and his remarks were heard with a great deal of interest. Hon. John Noland, chairman of the Speakers' Bureau, was in the chair, and introduced several local speakers during the afternoon, all of whom urged that old Madison do her part loyally and generously once more at her country's call.

The naval band will give another concert in front of the court house at 7 o'clock tonight, and will again be followed by an address by Senator Speer.

PIECE OF SKULL DRIVEN INTO BRAIN

Cecil Fitzpatrick, of Logan, West Virginia, had a narrow escape from death when he attempted to board a freight train at Four Mile crossing here Sunday. He was thrown on his head, crushing the skull, the fragments of bone being driven into the brain. He was carried to the Patti A. Clay Infirmary and the bone removed from his brain. His condition is reported as good and it is expected he will make a good recovery. The Superintendent of this division wired his mother, Mrs. Susan Fitzpatrick, who came and is with her son at the local hospital. The young man had been working at Dayton, Ky., and it is understood that he was trying to get to his home.

ATTORNEY GENERAL CANDIDATE IN TOWN

R. W. Lisanby, Princeton, democratic candidate for Attorney General, is in Richmond today in the interest of his candidacy. Mr. Lisanby has served as county attorney and mayor of Princeton.

The democratic members of the Princeton Bar Association strongly endorse Mr. Lisanby's candidacy, saying of him in part as follows:

"Mr. Lisanby has successfully handled much of the important litigation in this section for several years; he has appeared in oral argument in our Court of Appeals winning his cases each time. In 1915 a case he successfully handled, Franks vs. Smith, appeared in the Lawyers Reports annotated, selected as a leading case in point in our nation, a distinction of which a graduate of Yale or Harvard would be proud. Mr. Lisanby is diligent, resourceful, and persevering in his profession and in business, and if nominated and elected to this office we believe he will fill same with honor and distinction. We pledge him our loyal support."

This is the natural home of corn and livestock farming. One of largest corn and produce dealers shows us that he handled out of Okolona last season more than three hundred thousand bushels of corn, and the Farm Demonstration Agent shows that around two hundred and twenty-five cars of corn were hauled in here and shipped out. This corn came from a radius of about six miles.

One cattle and hog feeder fed fifteen hundred head of hogs last season, and so far this year has shipped out upwards of eighty cars of hogs. Taking the figures of only two dealers, two hundred cars of hogs and nearly as many cars of cattle were shipped out within the last eleven months.

The freight records show for the year 1917, 76 cars of cattle, 25 cars of hogs and 4 cars of horses and mules were shipped out.

We are not in possession of the exact figures on the amount of hay sold on this market, but we are told that one dealer has handled more than five thousand cars

Greenleaf and Miss Gibson, both giving very interesting paper on the subject. Miss Bessie Dudley gave the monthly magazine report in an interesting style, briefly naming and discussing different articles in the magazine. The chapter has decided to erect a handsome flag pole on the old Boonesboro fort site on the Kentucky river, from which an American ensign will constantly be kept flying to the breeze, thus patriotically

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with foul waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes gently out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. The Compliment Paid the Hot Spot Chalmers by other Makers

SO successful has been the public response to the Hot Spot feature of the Chalmers and so readily and consistently has this device made good that imitations are now beginning to appear on other cars.

"Yes, we too have a Hot Spot device on our car," is a comment to be heard daily in other motor establishments.

There are two vital weaknesses in the imitations. First, the Hot Spot is not efficient without the Ram's horn. Second, the Ram's horn is not a device that can be "fitted to" any motor. The motor must be designed to fit the Ram's horn.

It is the proper co-ordination of all three—the Hot Spot the Ram's horn and the Cylinder block—that has made Chalmers one of the few great cars of the world.

It is always a compliment to be imitated. None greater can be paid. But you will be full of compliments for the present-day Chalmers after you've turned the thousand-mile mark in one.

EXTRA WEAR FROM SHOES

"A year ago I had my shoes resoled with Neolin Soles. The soles are still in service, and it looks as if I would not be able to wear them out, because the uppers are going first," said W. C. Dickinson, of New Haven, Conn.

Good repair shops everywhere carry these tough and durable soles. See for yourself how long they last by having them put on a pair of old shoes. Or if you are in need of new shoes, buy them with Neolin Soles. They cost no more than shoes that give less wear, and you need fewer pairs. They come in many styles for men, women, and children.

Neolin Soles are created by Science to be comfortable and waterproof, as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Local Men Make Trip To Lee Oil Fields

Major Stone Norman, well known local oil expert, took a party of local capitalists to the Lee county fields this week to look over several good royalty propositions which are being considered by prospective buyers. In the crowd were J. R. Pennington, Burton Roberts, A. J. House and Capt. Willis Kennedy. They inspected particularly the big Wells tract, on which there are now some 75 wells, with 14 rigs drilling and locations for close to 400 wells. Quite a number of men in this section are already interested in this big tract. Prof. Holden, who drew up the division order for local holders, will be back in Richmond Sunday and Monday to straighten out certain tangles in it, it is understood which will be good news to the local men interested as there is said to be close to \$100,000 in the royalty fund now, to be distributed when the division order is properly made out, and sent in to the Indian Refining Company, which is taking the oil from this big lease.

Louisville men have purchased a 1-64th, royalty interest in the Williams lease of 48 acres on the Big Sinking, Lee county, for the reported price of \$25.00. This property is operated by the Pyramid Oil Company, and is considered one of the most valuable in the Big Sinking Territory.

A representative of the Interstate Land Auction Company, of Bristol, Tenn., was in Richmond this week, making preparations for a gigantic land sale to be held at Okolona and Egypt, Mississippi, on April 21 and 22. The company has reserved space in the Daily Register to advertise its sale of two large farms, one consisting of 1,022 acres and the other 750 acres, all said to be the choicest land to be found in that section. 66 Years Success

The Wonderful Record of Dr. Thacher's Liver and Blood Syrup.

Those medicines which live for even a quarter of a century are exceptional, and continuous use for over two-thirds of a century is indisputable evidence of wonderful merit.

Dr. Thacher's Liver and Blood Syrup came into existence in 1852, and from that time to the present it has grown in the confidence and estimation of its yearly increasing number of users. Through all these years it has steadily grown in popular favor.

Its wonderful building up power is shown in the experience of Mrs. C. E. Chadwick, Seal, Al. "I was all run down in health," she says. "I weighed only 104 pounds and getting worse every day. I began the use of Dr. Thacher's Liver and Blood Syrup and today, I am thankful to say, I am in perfect health and weigh 155 pounds. I attribute my good health to the use of that most wonderful medicine. I firmly believe there are numerous suffering people that could be sound and well by the use of Dr. Thacher's Liver and Blood Syrup."

If you need a tonic, or a blood purifier; if your liver is out of order, your stomach troubles you, or you are constipated, have indigestion or dyspepsia, try Dr. Thacher's Liver and Blood Syrup. It is purely vegetable and cannot possibly injure any one. It has been of wonderful benefit to others, therefore should command your attention. All dealers in medicines sell it and will recommend it.

Friends living here were sorry to learn of the illness of Mrs. T. H. Park and hope soon to know of her rapid improvement and complete restoration to health.

Miss Lela Long, of Kirksville, is with her sister, Mrs. Bobbie Goins, who as been ill with measles.

Mr. B. F. Goins and sons, Walker, James, John and Thomas, motored to Baldwin and spent the day with Robert and family.

Mrs. As Hall and children, Robert and Mabel, and Mrs. Neal McQueen, and little son, Harold, were visitors of Harold McQueen on the Boonesboro Pike.

GOVERNOR'S PROCLAMATION

Commonwealth of Kentucky.
A. O. Stanley, Governor.
A Proclamation.

To the People of Kentucky, Greetings:

Whereas, the receding armies of the Central Powers have left in their wake indescribable scenes of suffering and privation, torture, famine and death, our duty to the oppressed and enslaved peoples of the Old World is only half finished when the invader is driven from the borders of these suffering lands. It is a pleasant and a Christian duty to minister to the wants of those whom we have made free.

The boot of freedom itself can not save the starving from death, or the naked from the winds of winter, or house the homeless.

Today upon the Eastern front there are untold millions of men, women and children of the Jewish race who are in the direst need of the simplest necessities, of life, and unless they find succor here and find it without delay these wan sufferers will sink forever under the burdens of want and oppression, torture and outrage, which no tongue can tell or pen portray.

To the aid of these victims of brutality, the Kentucky Division of the American Jewish Relief Committee has determined to carry on a campaign for the raising of funds.

Therefore, I, A. O. Stanley, Governor of Kentucky, issue this proclamation setting aside April 7th to 11th, 1919, as Jewish War Relief Days in the State of Kentucky.

In Testimony Whereof, I have caused these letters to be made patent, and the seal of the Commonwealth to be hereto affixed. Done at Frankfort, the twenty-fourth day of March, in the year of our Lord, one thousand nine hundred and nineteen, and in the one hundred and twenty-seventh year of the Commonwealth:

A. O. STANLEY,
Governor of Kentucky.

CITY AND TOWN ORGANIZATIONS.

Under the direction of the state campaign organization and the district chairmen and assistants, the campaign to raise \$208,000 in Kentucky during the week of April 7-11 for the relief of Jewish sufferers in the war stricken districts of Eastern Europe, is being carried into the smallest civic units through organizations in cities and towns.

Cities already organized with their chairmen are: Louisville, Harry Bloom; Lexington, M. Kaufman; Danville, Hyman Pushin; Elizabethtown, Louis Goldnámer; assistant D. M. Cooper; Covington, Nathan Rosenberg; Paducah, Louis Rubel and W. F. Bradshaw, Jr.; Bowling Green, Sam Pushin; Princeton, R. M. Pool; Winchester, Lee Bloomfield and Judge J. N. Benton; Mt. Sterling, Sid Neumeyer; Paris, William Shire and L. L. Price; Richmond, Rev. O. O. Green, who is also chairman for Madison county; Versailles, A. L. Greenebaum; Georgetown, Mr. and Mrs. Joe Marks; Hopkinsville, H. M. Frankel, chairman and George W. Crenshaw, vice chairman; Frankfort, Charles F. Strasser.

The organization is being rapidly pushed in other cities and towns in all sections of the state.

ORGANIZING THE STATE.

Workers from the Kentucky state headquarters of the American Jewish Committee of Relief for Jewish War Sufferers in Louisville has been traveling about the state working up interest in the coming campaign, April 7-11, to raise \$208,000 in the state for relief work. Col. Fred Levy and Rabbi Joseph Rauch visited Paducah, Princeton, Hopkinsville and Bowling Green and were given enthusiastic receptions. Emil Tachau and Ed Sacha toured the Blue Grass, visiting Lexington, Frankfort, Versailles, Paris, Richmond and Winchester, where they met the most representative citizens of all faiths and laid extensive plans for a successful campaign.

Life Was a Misery

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. Lexington Races Begin Soon

The racing season in Kentucky for 1919 will be inaugurated at Lexington Thursday, April 24, and during the 13 days meeting at the historic Kentucky Association track, now the property of the recently organized Kentucky Jockey Club, 91 races will be decided. Of these 91 races, six are stakes and a number of high class over-night handicaps. One of the stakes, the Blue Grass, is for three-year-olds at one mile and an eighth, and is in the nature of a preliminary for the Kentucky Derby. It will be run on Saturday, May 3rd, the week before the Kentucky Derby, and to it the two great stars—Eternal and Billy Kelly—are eligible. It will afford the opportunity for the first meeting of these rivals as three-year-olds. Then there is the Camden Handicap, always a highly interesting race; the Ashland Oaks, for three-year-old fillies; the Ben Ali Handicap; the Hinata Stakes for two-year-old fillies and the Idle Hour Stakes for two-year-old colts and geldings. The horses that will contest at Lexington this year are among the best in the land and the racing in prospect is of a higher order than heretofore, for under the new ownership, which is now entirely Kentuckian, the purses are to be larger than ever before. In a word, it is to be the greatest racing year.

Nothing On Earth Like "Gets-It" For Corns and Calluses.

A spot of thickened skin on the bottom of your foot which so often makes walking an agony, is as easily removed by wonderful "Gets-It" as

Callus Comes Off Like Banana Peel! Any hard or soft corn anywhere on your toes. Look at this picture. A few drops of "Gets-It" did the work. The callus comes loose from the true flesh. No irritation whatever. You peel the skin right off just like a banana peel—peacefully, painlessly. "Gets-It" does the same thing to any corn, without the use of sticky plasters, irritating salves, greasy ointments or banding tape. There is no fussing—no knife, no scissors or nail file. "Gets-It" is used by millions, because it's common sense and it never fails. Try it, prove it.

"Gets-It" the guaranteed, money-back corn-remover, the only sure way costs but a trifle at any drug store. MFGD by E. Lawrence & Co., Chicago, Ill.

For \$1—This Week Only To Women Who Failed to Get It

We have supplied our famous Cookers to more than a million homes. But we want every home using Quaker Oats or Mother's Oats to have one. So we repeat for one week only this attractive Dollar Offer.

Now a Very Costly Offer

This to us, at present aluminum prices, is a very costly offer. Yet we have those Cookers made to our order in enormous lots.

Such an Aluminum Cooker, extra large and heavy, would probably cost at retail more than you care to pay. But you need it to cook cereals rightly. So we want you to have it—for your sake and our sake—if you are cooking our cereals without it.

If you have this Cooker, our offer is not open. We cannot supply more than one to a family. But, if you failed to get one, get it now. This offer is made for one week only. It cannot be repeated unless Aluminum comes down.

Double Cooker
Pure Aluminum
Extra Large and Heavy
Cereal Capacity 2 1/4 Qts.
A Lifetime Utensil

Keep the Rich Flavor Intact

Quaker Oats and Mother's Oats are made from queen grains only—just the rich, plump, flavorful oats. We get but ten pounds from a bushel.

This is done to secure a superlative flavor. Little grains, puny and insipid, lessen oat-food delights.

Now we ask you to cook these luscious oat flakes so that flavor keeps intact. Cook them so they easily digest. This Cooker will help you to do that, as it does a million others.

It is yours for \$1 if you send this week. And if you send the sales slip asked for, to show that you are using this delicious grade of oats. You will save enough to buy a great deal of cereal by accepting this dollar offer.

Your Last Chance to Get It

Buy from your grocer five packages of either Quaker Oats or Mother's Oats. Or buy four packages of the oats, and one of either Quaker Best Corn Meal or Quaker Hominy. Send us the grocer's sales slip with \$1 and we will mail the Aluminum Cooker by parcel post. Sales slips must be mailed within one week.

VICTORY LOAN NOTES BOOSTED BY BANKERS

Public is Urged To Invest Earnings.—High Prices Can Be Prevented By Subscriptions

Advantages for private investment of the short-term notes to be issued in the Victory Liberty Loan are believed by the Federal Reserve Board to be greater than those of any preceding liberty loan issue.

In its forthcoming bulletin for April, an abstract of which was made public Wednesday, the Board expresses the opinion that the short-term notes will have a greater market stability because of their short maturity, and also because they will not be encumbered by uncertainty as to redemption after a specified period, as is the case with long-term notes.

"When the investor purchases a government note with a maturity of four years," the board argues, "he has the assurance the obligation will possess greater stability of value than possibly could be given by any bond whose maturity is long or which is subject to the possibility of redemption after a specified period, but which has no definite or positive claim for such redemption upon the maker or issue of such bonds."

"Far from its being true, therefore, that the new notes are not well adapted to private subscription, they are eminently so adapted, while the conditions under which they are to be issued should bring them much closer to the requirements of the individual buyer than has been true of any of the preceding liberty loans."

Aside from the attractive investment offered, the notes must be absorbed largely through private subscription, the board says, to prevent further inflation of banking credit and a resultant continuance of high-prices. Liberal subscription to the issue is declared to be the dictate of "self-interest."

"Only one remedy for the financial situation now existing can be applied," the board says, "and that is that the public subscribe freely for the government obligations when offered and pay for them out of the proceeds of savings. Urgency for adherence to this policy is greater than it was during the war, inasmuch as at that time there was strict oversight and control on the part of the government over production, distribution, and, in a measure, consumption, while at present

METHOD OF PREPARING WORK

Customers desiring fancy designs worked on front, back, collar, etc., should run a basting thread outlining design.

Baste seams together as for ordinary stitching and then turn both

seams one way and baste on right side of garment. In preparing a blouse for hemstitching, baste all seams as if to sew by hand, using rather closer stitches. Do not press open the seams. This is done for all regular seams and yokes. For the armholes and cuffs leave the seams open on the work cannot be done. For the shoulder, however, this is not necessary. Hems are turned twice as if for ordinary stitching, but are basted rather closely. Hems for skirts and ruffles should be turned twice and basted.

For a ruffle, or any "gathered" material, the seam should always be turned away from the ruffle or gather.

Hems with raw edges should be turned twice as prepared for machine stitching, except on Chiffon and similar thin fabrics, when one turn is sufficient.

Picot Edging is Hemstitching cut in two. It is always advisable for customers to press hemstitching before cutting it.

For Picot Edge Work leave one-half inch margin.

BEADING LINGERIE—This attractive work can be easily accomplished simply by making a line of hemstitching of the right length for the ribbon, then cut the hemstitching apart and you have beading with a picot edge.
